

**SUPPORT SB584 – An Act Concerning the Use of Animals in Product Testing
– Sen. Mark C. Montigny**
**SUPPORT HB966 – An Act Concerning the Use of Animals in Product Testing
– Rep. Jack Patrick Lewis**

Referred to Joint Committee on Environment, Natural Resources & Agriculture

WHAT THESE BILLS DO:

These bills prohibit manufacturers or contract test facilities from using traditional animal testing when alternative testing methods or strategies exist. They define alternative test methods and allow for the Commissioner of the Department of Public Health to promulgate regulations to implement and enforce standards for alternative test methods to ensure safety and comparable validity of results to traditional methods. No provision of this subsection shall be construed to apply to a test method conducted for the purposes of medical research.

WHY YOU SHOULD SUPPORT THESE BILLS:

Many animals suffer and die each year during product testing. Animal testing does not necessarily ensure safety as specie differences can give different results so human safety is not necessarily guaranteed. Our science/technology efforts are moving very quickly to faster alternative methods of testing which will cause less suffering of laboratory animals.

The Commonwealth of Massachusetts

**In the One Hundred and Ninety-Second General Court
(2021-2022)**

An Act concerning the use of animals in product testing.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Chapter 140 of the General Laws, as appearing in the 2020 Official Edition,
2 is hereby amended by inserting after Section 174F the following new section:-

3 Section 174G.

4 (a) As used in this section, the following words shall have the following meanings unless
5 the context clearly requires otherwise:

6 "Alternative test method", a process or procedure implemented to obtain information
7 regarding the biological effects of exposure to a chemical or agent that does not employ the use
8 of an animal and results in the gathering of valid information that would otherwise be acquired

9 through the use of a traditional animal test method, including, but not limited to, computational
10 toxicology, bioinformatics, high-throughput screening methods, chemical substances testing,
11 tiered testing methods, in vitro studies, and systems biology.

12 "Commissioner", the commissioner of the department of public health.

13 "Contract testing facility", a partnership, corporation, association, or other legal
14 relationship that tests chemicals, ingredients, product formulations, or products.

15 "Manufacturer", a partnership, corporation, association, or other legal relationship that
16 produces products, product formulations, chemicals, or ingredients.

17 "Medical research", investigations, experiments, and studies to discover, develop, or
18 verify knowledge relating to the causes, diagnosis, treatment, prevention, or control of physical
19 or mental diseases and impairments of humans and animals or relating to the development of
20 biomedical products, devices, or pharmaceuticals.

21 "Traditional animal test method", a process or procedure using animals to obtain
22 information regarding the biological effects of exposure to a chemical or agent.

23 (b) (1) When testing a product, product formulation, chemical, or ingredient in the
24 Commonwealth, no manufacturer or contract testing facility shall use a traditional animal test
25 method for which a valid alternative test method exists. No provision of this subsection shall be
26 construed to apply to a test method conducted for the purposes of medical research.

27 (c) The commissioner shall promulgate regulations to implement, enforce, and administer
28 this section and shall establish standards for alternative test methods to ensure safety and
29 comparable validity of results to traditional animal test methods. The commissioner shall

30 consider the Organization for Economic Co-Operation and Development's Guidelines for the
31 Testing of Chemicals when establishing said standards.

32 SECTION 2. The commissioner of public health shall promulgate regulations to
33 implement this act no later than 180 days following passage of this act.

34 SECTION 3. Section 1 shall take effect 180 days after the passage of this act and Section
35 2 shall take effect upon passage.
